<i>KETK Today</i>	5:00am 6:00am	11/08/11	1 minute 30 seconds	People are starting to get creative with ways to stay warm this season; however some of the ways can turn tragic or deadly in an instant. Longview fire officials recommend to never use your oven or stove as a source of heat. Make sure your smoke detector is working, and if you're going to use a space heater, keep away combustibles and other flammable materials. Don't overload the circuit. Never leave it unattended.
<i>Live at Five KETK News at 6</i>	5:00pm 6:00pm	11/08/11	3 minutes	Officials say that when purchasing firewood, you should buy it within a 50 mile radius of where you will be burning it, because wood contains insects and diseases that are native to different regions and could quickly spread when burned.
<i>Live at Five KETK News at 10</i>	5:00pm 10:00pm	11/09/11	2 minutes 30 seconds	As Christmas season approaches, more people will be buying gifts and will be traveling for the holidays. This is the prime time for thieves to break into your home. We talk to officials about how to protect yourself and your home.
<i>KETK News at 10</i>	10:00pm	11/11/11	40 seconds	Local fire officials are starting a campaign to teach people the importance of checking their smoke detectors. They say it is especially important as we head into cooler weather and people pull out the space heaters.
<i>KETK Today</i>	5:00am 6:00am	12/06/11	1 minute 30 seconds	Smoke Detectors. Fires have already destroyed two Longview homes in the last month, and officials say, neither one was equipped with a smoke detector.
<i>Live at Five KETK News at 6 KETK News at 10</i>	5:00pm 6:00pm 10:00pm	12/09/11	4 minutes 20 seconds	Alto has finally hired a new police chief after a 6 month furlough of their police department because of budget cuts. Locals say they felt unsafe without a law enforcement officer.
<i>Live at Five KETK News at 6</i>	5:00pm 6:00pm	12/15/11	2 minutes 50 seconds	We explain exactly what the dangers of texting while driving are, through the use of examples such as: How far can your car go if you look down at your phone for 2 seconds?
